Guide to Reprints 2007 K. G. Saur Editorial Staff,2006-01-10 U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1942-1976 Andrew James Birtle,2006 CMH Pub 70 98 1 This study examines the nature of counterinsurgency and nation building missions the institutional obstacles inherent in dealing effectively with such operations and the strengths and weaknesses of U S doctrine including the problems that can occur when that doctrine morphs into dogma *Books in Series* ,1985 Vols for 1980 issued in three parts Series Authors and Titles The Marine Corps Gazette ,1984 **The Army Historian** ,1993 **Armor** ,1985 **American Warfare** Jeffrey L Adkins,2023-02-14 I am submitting this to you dear reader unsolicited in hopes that you will incorporate it into any educating planning debating and of most importance thinking that you might tend to do in the future when it comes to war and warfare for our once great nation the United States of America The war in Iraq Operation Iraqi Freedom was a tragedy and a travesty that is now almost surely fading from memory It cannot be possible but yet a man was campaigning for president with the promise When I become President I ll send troops back to Iraq That is what happens when a man who has never been to war or has never seen his sons go to war dreams of authority and power with the grasp of the reins of authority and power of the constitution in his hands The Iraq War was wrong and like the Vietnam War we should never again willingly or unwittingly allow wars like it to be part of our way of life Please do not toss this out If you feel that this document American Warfare 250 Things Americans Have Forgotten Never Learned and Ignored about War is simply contemptuous and beneath your consideration then simply pass it along to someone else whom you believe could make use of it Someone somehow will consider that I am right **Doc** Daniel E. Evans,Daniel E. Evans, Jr.,Charles W. Sasser,2002-10 HE GAVE MEN A FIGHTING CHANCE TO SURVIVE Dan Evans arrived in Vietnam on October 7 1968 a 21 year old Army medic who couldn t stand the sight of blood

Thrust into the cauldron of combat he soon became a seasoned veteran of emergency medicine and the brutal realities of war. Before his time was up he would master the skills of a surgeon, acquire the patience of a saint and demonstrate the courage of a lion. Here in his own words is the gripping true story of Dan Evans, the highly decorated soldier whom the men of First Platoon Bravo Company called the fighting medic. Experience the rage, the sorrow and the remarkable spirit of Dan Evans, the PLATOON MEDIC who became a true American hero. Raiders or Elite Infantry? David W. Hogan, 1992-12-10. How have the U S Army Rangers acted as special operations forces in military operations since 1942? Hogan's study examines the nature and purpose of the Rangers over the past fifty years and shows how they have served as scouts, raiders, assault troops and elite infantry. They have spearheaded amphibious landings, raided enemy prison camps, patrolled behind enemy lines in Korea, served alongside Green Berets in Vietnam and carried out special missions in Grenada. Professional officers, military historians, students and general readers will find this a fascinating history. This analytical account opens with a short description of the origins of the Ranger legend in America and then moves to a discussion of their use in World War II as commandos in 1942, then as spearheaders in 1943 and 1944 as line infantry in Europe and as special operations forces in the Pacific. This provocative assessment also traces the development of Ranger raider units in Korea, the special training and use of Green Berets as Rangers in Vietnam and the shifting of Ranger roles into more complex and varied types of operations in Vietnam and Grenada and in a world of increasing terrorism and changing combat situations. Illustrations, maps and a lengthy bibliography add to the usefulness of the study. **The Bear Went Over the Mountain** Lester W. Grau, 1996. Counterinsurgency punctuated by moments of heady excitement and terror. Colonel Grau, the editor and translator, has added his own commentary to produce a useful guide for commanders to meet the challenges of this kind of war and to help keep his fellow soldiers alive. This book will also be of interest to the historian and general reader who will discover that advances in technology have had little impact on this kind of war and that many of the same tactics the British Army used on the Northwest Frontier still apply today. **United States Army Aviation Digest**, 1994 *A Select Bibliography of Department of Defense Publications of the Southeast Asian Conflict*, 1990
