Brenda Fine Travel Editor NY Law Journal *A Trip Too Far* Rosaleen Duffy, 2013-06-17 Environmentally sustainable tourism or ecotourism has become a major area of interest for governments the private sector and international lending institutions. It is regarded as a way of allowing economic development whilst protecting against environmental degradation especially in those countries with fragile ecosystems. However despite the beneficial intentions of ecotourism it tends to be regarded uncritically by environmental organizations governments and the private sector alike. Rosaleen Duffy presents this analysis of ecotourism linking it with environmental ideologies and the politics of North South relations. By the extensive use of case study and interview material she formulates ideas and proposals that should be important for the development of ecotourism around the globe **Sport Diver** ,1997-12
