Diversity In Singleparent Families Working From Strength:

Diversity in Single-parent Families Cathryne L. Schmitz, Susan Steiger Tebb, 2003 *Diversity in Single Parent Families Working from Strength* is designed to fill gaps in current literature. The book presents strength based service delivery options for single parent families which have been under represented in literature and research. Research and appropriate service responses are organised by race ethnicity gender economic status sexual orientation structure and disability. The editors begin by discussing the socio economic issues impacting single parent families along with a framework for strength based practice. The following chapters focus on communities that have been marginalised and overlooked. For each community implications for strength based practice are summarised. The editors recognise a broader need to present factual data as a base for decreasing assumptive biases about single parent family structures. This book could be used in micro and macro practice courses, courses on multicultural practice and courses focusing on families and or children. **Family**

Disintegration Anton Purcell, 2002. The contemporary family is being distracted, disturbed and distraught by societal pressures from every direction. The nuclear family concept, believed crucial to child rearing, is becoming passé according to census data. Or has the wave of disruption to families crested? It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century.

Culturally Diverse Parent-Child and Family Relationships Nancy Boyd Webb, 2001-07-10. In an increasingly diverse social environment, misunderstandings often arise between practitioners in the helping professions and clients from different racial and ethnic backgrounds. This book investigates the culturally specific beliefs and child rearing practices of five major racial ethnic groups: African Americans, Latinos, Native Americans, Asian Americans, and European Americans. Analyses of case vignettes illustrate the book's dual focus on the practitioners' own views in addition to those of their culturally diverse clients. Guidelines offer suggestions for effective engagement and work with culturally diverse families. Critical Multicultural

Social Work Jose Sisneros, Catherine Stakeman, Mildred C. Joyner, Professor of Social Work and Director/Chairperson of the Undergraduate Social Work Program. Mildred C. Joyner, Cathryne L. Schmitz, 2008-04. *Critical Multicultural Social Work* is the first book to explore multicultural practice from a critical perspective. The authors provide tools and techniques that enable readers to recognize their own perspectives and find meaning and importance in what they learn. The text examines oppression and diversity across multiple dimensions including race and ethnicity, gender, sex, and sexual orientation and ability/disability. In addition to presenting the history of diversity as well as a basic framework for evaluating the issue, the authors guide practitioners through enlightened self-reflection to encourage awareness and sensitivity as they work with clients. The Social Ecology of Resilience Michael Ungar, 2011-10-08 More than two decades after Michael Rutter 1987 published his summary of protective processes associated with resilience researchers continue to report definitional ambiguity in how to define and operationalize positive development under adversity The problem has been partially the result of a dominant view of resilience as something individuals have rather than as a process that families schools communities and governments facilitate Because resilience is related to the presence of social risk factors there is a need for an ecological interpretation of the construct that acknowledges the importance of people's interactions with their environments The Social Ecology of Resilience provides evidence for this ecological understanding of resilience in ways that help to resolve both definition and measurement problems
