

tales of the
spiritual world

An abstract, ethereal image featuring swirling, glowing lines in shades of orange, pink, and white against a dark, textured background. The lines form a complex, organic shape that resembles a stylized flower or a celestial nebula, with some lines extending outwards like tentacles or petals.

Divine Realms Canadian Science Fiction And Fantasy:

Divine Realms Susan MacGregor, 1998-01 Divine Realms is an anthology that looks at spiritual questions through the medium of science fiction and fantasy This is an eclectic lot and the main theme is faith or lack thereof The stories are written by some of Canada's best and up and coming writers The Gospel According to Science Fiction Gabriel McKee, 2007-01-01 Explores the theological nature of science fiction drawing on examples from television literature and films to explain how science fiction can help people understand not only who they are but who they will become **Beyond the Rift** Peter Watts, 2013-11-12 Skillfully combining complex science with finely executed prose these edgy award winning tales explore the always shifting border between the known and the alien The beauty and peril of technology and the passion and penalties of conviction merge in stories that are by turns dark satiric bold and introspective A seemingly humanized monster from John Carpenter's The Thing reveals the true villains in an Antarctic showdown An artificial intelligence shields a biologically enhanced prodigy from her overwhelmed parents A deep sea diver discovers that her true nature lies not within the confines of her mission but in the depths of her psyche A court psychologist analyzes a psychotic graduate student who has learned to reprogram reality itself A father tries to hold his broken family together in the wake of an ongoing assault by sentient rainstorms Gorgeously saturnine and exceptionally powerful these collected fictions are both intensely thought provoking and impossible to forget **Canadian Books in Print 2002** Marian Butler, 2002-02 **Alchemy and Artifacts** Lorina Stephens, Susan MacGregor, Colleen Anderson, Lara Apps, Leslie Brown, Katherine Cameron, Chris Patrick Carolan, Geoff Gander & Fiona Plunkett, Bev Geddes, Mary-Jean Harris, Geoffrey Hart, Kate Heartfield, R. W. Hodgson, Kurt Kirchmeier, Jason Lane, Halli Lilburn, Cat McDonald, Tony Pi, Mike Rimar, Bianca Sayan, Holly Schofield, Michael Skeet, Erik Jon Spigel, Liz Westbrook-Trenholm, Michal Wojcik, 2019-06-10 There is nothing new in the world except the history we do not know Alchemy and Artifacts Tesseract Twenty Two is a collection of twenty three amazing stories based on historical artifacts combined with fantastic historical fiction The stories meld culture concept and incident into a rich collection of what if speculations that provide warnings yet revel in the cultural celebrations we continue to observe today They are the touchstones that resonate with all who listen to and learn from the past For once the instigators are dead the wars ended and the political machines decayed only artifacts remain And it's through these cultural artifacts that we glimpse the possibility of what may have occurred in the past and may yet occur in the future You are invited to delve into the motivations behind the events of the past the quests for power the fights against repression and the sacrifices to a greater cause human dramas that reflect the worst and best of who we are to see what satisfaction comes from sudden insight and awe Featuring works by these Canadian writers Colleen Anderson Lara Apps Leslie Brown Katherine Cameron Chris Patrick Carolan Geoff Gander Fiona Plunkett Bev Geddes Mary Jean Harris Geoffrey Hart Kate Heartfield R W Hodgson Kurt Kirchmeier Jason Lane Halli Lilburn Cat McDonald Tony Pi Mike Rimar Bianca Sayan Holly Schofield Michael Skeet Erik Jon Spigel Liz Westbrook

Trenholm Michal Wojcik The stories in *Alchemy and Artifacts Tesseract's Twenty Two* nourish those who wander in today's wilderness and who without the benefit of the past are destined to plunge blindly along a path of ignorance destroying all that has been everything that is true and beautiful and that which nourishes our global community *Bloodlight Chronicles Bundle* Steve Stanton, 2011-11 In a post cyberpunk future where global economic activity is carried out in a virtual gaming realm a new blood transmitted virus has become a black market staple due to its temporary rejuvenating effects forcing infected Eternals into tightly knit underground communities where they must hack the V net for basic food and shelter In the first book of a series that revitalizes the cyber fiction genre with its vivid prose and believable characters Library Journal Zakariah Davis and his wife Mia are among those infected with an alien virus that vastly prolongs life and their blood has become a black market staple due to its rejuvenating effects Their teenage son Rix does not carry the Eternal virus and Zakariah is consumed by the search for an activated sample with which to inoculate him In book two Mia is murdered in retribution and the family is overcome by grief Zak goes on a quest to contact her spirit in the afterlife while Rix wants revenge at any cost Niko the teenage clone of Zak's dead sister has received the Eternal virus and been captured by vampires who drain her blood nightly for its rejuvenating effects After Rix helps her to escape she finds sanctuary at the bedside of her comatose progenitor Phillip Davis whose brain is being reconstructed in a clandestine neuroscience laboratory Zak enlists the help of a famed lecturer on psychic research Jackie Rose and together they travel to the home of a Haitian shaman Tono a prophetic spiritual healer Rix and Niko team up to find Mia's murderer and finally confront her killer in the lair of the Beast

Reconciliation Steve Stanton, 2010-09-01 Revitalizes the cyber fiction genre with its vivid prose and believable characters This should appeal to fans of Bruce Sterling and William Gibson Library Journal Zakariah and Mia Davis have been infected with an alien virus that prolongs life and as a result their blood is a valuable black market staple due to its rejuvenating effects But the eternal virus has not affected their son Rix and Zakariah is consumed with the search for an active sample to inoculate the teenager against mortality To succeed Zakariah surgically wires his brain for the global computer network a virtual cyber economy controlled by avatars Busted for transporting grain without a permit and on the run from the government and the Eternal Research Institute Zakariah must travel off planet through a commercial wormhole alongside a woman who is seeking the source of immortality for her own purposes Now in the Cromeus colonies on the other side of time and space Zakariah will risk everything to give his son eternal life
