Le Ramayana:

Poème sanscrit de Valmiky (Complete) Valmiki,1910-01-01 Il est une vaste contrée grasse souriante abondante en richesses de toute sorte en grains comme en troupeaux assise au bord de la Arayo et nommée Koala. Elle était une ville célèbre dans tout l'univers et fondée jadis par Manou le chef du genre humain. Elle avait nom Ayodhy. Heureuse et belle cité large de trois yodjanas elle tendait sur douze yodjanas de longueur son enceinte resplendissante de constructions nouvelles. Munie de portes à des intervalles bien distribués elle était percée de grandes rues largement développées entre lesquelles brillait aux yeux la rue Royale où des arrosements d'eau abattaient le vol de la poussière. De nombreux marchands fréquentaient ses bazars et de nombreux bijoux paraient ses boutiques. Imprenable de grandes maisons en couvraient le sol embelli par des bocages et des jardins publics. Des fossés profonds impossibles franchir l'environnaient. Ses arsenaux étaient pleins d'armes variées et des arcades ornementées couronnaient ses portes où veillaient continuellement des archers. Un roi magnanime appelé Daaratha et de qui la victoire ajoutait journellement l'empire gouvernait alors cette ville comme Indra gouverne son Amaravati. Cité des Immortels. Abritée sous les drapeaux flottant sur les arcades sculptées de ses portes douée avec tous les avantages que lui procurait une multitude variée d'arts et de métiers toute remplie de chars de chevaux et de éléphants bien approvisionnée en toute espèce d'armes de massues de machines pour la guerre et de ataghns elle était bruisante et comme troublée par la circulation continuelle des marchands des messagers et des voyageurs qui se pressaient dans ses rues fermées de portes solides et dans ses marchés bien répartis des intervalles judicieusement calculés. Elle voyait sans cesse mille troupes d'hommes et de femmes aller et venir dans son enceinte et décorée avec de brillantes fontaines des jardins publics des salles pour les assemblées et de grands édifices parfaitement distribués il semblait encore ses nombreux autels pour tous les dieux qu'elle était comme la remise où stationnaient ici bas leurs chars animés.

Bijoux au crochet avec des perles Isabelle Lantenois,2007-03-15

The First Voyage Round the World by Magellan Antonio Pigafetta, Though Magellan's enterprise was the greatest ever undertaken by any navigator yet he has been deprived of his due fame by the jealousy which has always existed between the two nations inhabiting the Peninsula the Spaniards would not brook being commanded by a Portuguese and the Portuguese have not yet forgiven Magellan for having abandoned them to serve Castile But Magellan really had no choice for if the western passage which he expected to discover was to be sought for it could only be under the auspices of Spain within

whose demarcation those waters lay It would seem that D Manuel had only himself to blame for the loss of Magellan's services and as M Amoretti well observes D Manuel ought to have been well aware of the value of those services since Charles V knew it and showed his appreciation of them It is difficult to believe that the injury of which Magellan complained and which led him to seek other service was merely as Osorio says the refusal of promotion in palace rank and which he had well deserved especially since the motive ascribed by Osorio to the king's refusal namely the necessity of avoiding a bad precedent was not alone a sufficient affront to account for Magellan's sacrificing all his hopes and property in his own country had he not also felt that the king was condemning him to inaction obscurity and uselessness Barros indeed says that The favours of princes given for services are a retributive justice which must be observed equally with all with regard to the quality of each man and that if a man's portion be denied him though he endures it ill yet he will have patience but if he see the advancement of those who have profited more by artifice and friends than by their own merits he loses all patience indignation hatred and despair arise and he will commit faults injurious to himself and others And what outraged Magellan more than the refusal of the half ducat a month was that some men who were with him at Azamor said that his lameness was feigned to support his petition The king moreover refused to receive Magellan and showed his ill will against him It is therefore highly probable that before Magellan took the step of leaving Portugal D Manuel prompted by his niggardly disposition had refused to entertain Magellan's desire for employment at sea or his projects of discovery from which no immediate profit was to be expected This is apparent from the statement of Barros Decad iii lib v cap viii that letters of Magellan to Francisco Serrano were found after the death of the latter in Maluco in which Magellan said that he should soon see him and if it were not by way of Portugal it would be by way of Castile and that Serrano should therefore wait for him there Further on Barros says that recourse to Castile appears from these letters to have been in Magellan's mind some time before the occurrence of the king's dismissal of his business and that this was shown by his always associating with pilots and occupying himself with sea charts

Art and Architecture Division, 1975 The Divine Comedy Dante Alighieri, 1867 *Poets of Divine Love* Alessandro Vettori, 2004 Clearly written this incisive critical study opens a new analytic window not only to the rhetoric of medieval Italian poetry but also to a richer understanding of one of the most important strands of medieval European culture *The Divine Comedy of Dante Alighieri* Dante Alighieri, 1885

Marie dans la liturgie de Byzance Joseph Henry Ledit, 1976 Le p re Joseph Ledit s'est imposé la tâche de recueillir dans les livres liturgiques byzantins les textes qui glorifient la sainte M re de Dieu Cet essai de mariologie liturgique arrive son heure au moment où th ologiens pasteurs et fidèles s'engagent avec foi et confiance dans le mouvement eucharistique Combien

peu connus sont en Occident ces textes qui alimentent la piété et la foi de nos frères orthodoxes. Le grand mérite de l'auteur aura été d'ouvrir la voie à une meilleure intelligence de la mariologie byzantine enracinée dans la richesse dogmatique de l'orthodoxie et profondément nourrie de formules bibliques. Toute cette théologie s'exprime en lumière et en beauté. Bien engagée à la fin du VI^e siècle, l'hymnographie byzantine connaît son apogée aux septième et huitième siècles avant même la brisure entre l'Occident et l'Orient. Tous les hymnographes expriment avec ferveur, enthousiasme et en des accents lyriques leur dévotion. Ils ont été des poètes et des contemplatifs. Leur théologie est priante et intuitive. Date de première édition 1976 *Catalog of the Avery Memorial Architectural Library of Columbia University. 2d Ed., Enl Avery Library,* **The Jagannatha Temple at Puri** O.M. Starza, 2023-08-14 Created as a symbol of imperial power by the south Indian conquerors of Orissa in the 12th century the temple of Jagannatha endures as one of India's great monuments and centres of pilgrimage. This authoritative study assembles all the evidence old and new to produce a definitive account of the building and its cult. Topics include Puri as a Sacred City of Light and its major festivals the architecture sculpture and associated paintings of the Temple and a new analysis of the origins of the extraordinary icons worshipped in it. The only exhaustive account of this major shrine this study includes unique 19th century and contemporary photographs the latter revealing features in its ongoing restoration. Its new integrated interpretation of the Purusottama cult places its iconography firmly in the traditions of Hindu festival art. [A Priest's Guide for the Great Festival](#) Aghoraśivācārya, 2010 The Mahotsavavidhi a twelfth century Sanskrit text provides detailed guidelines for a Saiva temple priest in performing a nine day great festival for the god Siva. The author Aghorasiva is one of the most esteemed and influential authors in the Saiva Siddhanta school and his lengthy work on ritual procedures Kriyakramadyotika of which the Mahotsavavidhi is a part is by all accounts the Agama work most employed by modern temple priests and pious Saivas in their practice of worship. Richard Davis's translation of this important text is the first translation into a European language of any medieval work on temple festivals. Because the text was intended for an expert audience of working twelfth century priests Aghorasiva employs a highly technical idiom. For that reason Davis annotates his translation extensively with explanations and expansions drawn from other Agama works. There have been numerous studies of temple festivals and processions based on ethnographic observations and on recent historical data but the historical study of this dramatic religious practice during earlier periods has relied on speculation. Davis's groundbreaking volume will provide a new foundation for the study of the history of South Indian temple festivals as a cultural practice.
